NEW Fuelcraft ATG Live Web Portal

View all your tank levels, across all your sites, all on one web page – anywhere.

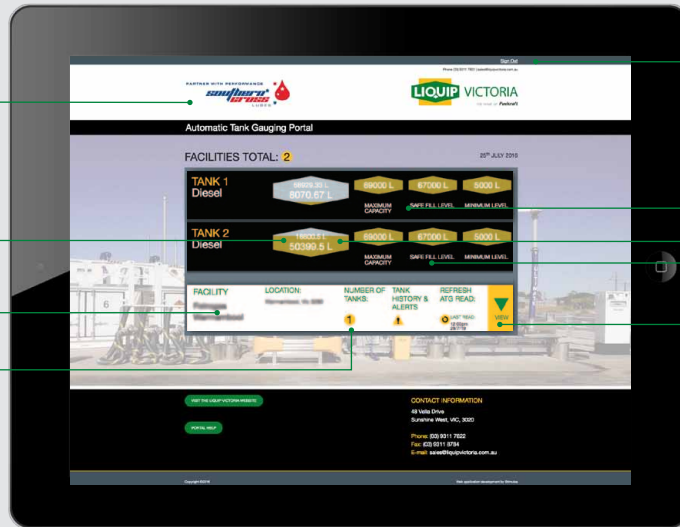

We've changed the game by making it faster, simpler and easier to remotely monitor the tank levels of your bulk liquid storage tanks across multiple number of facilities.

No longer to do have to mess with logging in to view each of your facilities, nor remember multiple log-ins and passwords. The new **Fuelcraft ATG Live Web Portal** pulls together all your tank facilities ATG data relating to individual tanks on those sites and presents them to you on one web page.

DESIGN AND FUNCTIONALITY

- ▶ Logo personalisation
- ▶ Quick view of tanks main parameters design
- ▶ Unlimited facilities on the one portal
- ▶ Unlimited tanks at each facility

- ▶ One login to access multiple facilities (ATGs) and the connected tanks
- ▶ View deliveries & withdrawals as well as alerts/warnings*
- ▶ Live read of tank level
- ▶ Quick view of tanks main parameters design
- ▶ User friendly interface

*Planned update coming in version 2.0

Most remote ATG monitoring systems require the installation of software on each computer or smart device to enable a viewing window. The new **Fuelcraft ATG Live Web Portal** does away with this and only requires access to the internet and one login to view all your facilities and their tanks in the one place.

This powerful user friendly tool offers a quick view dashboard style interface, feeding you real time data on the level of any storage tank you'd like to view. And with the ability to integrate with most standard ATGs, including the powerful OPW Nano Consoles, it can be simply set-up to bring all your facilities online and to you.

KEY FEATURES

- ▶ No software purchase or installation requirements – easy set-up
- ▶ Viewable on all popular web browsers
- ▶ Free Service to Liquip Victoria Customers using selected ATGs
- ▶ Designed to be viewed on smart phones laptops, tablets and desktop computers
- ▶ Unlimited users, all with own login and password access
- ▶ Integrates with a high number of current market Automated Tanks Gauges.
- ▶ Automated 'Low Level Tank Alert' e-mails
- ▶ No set-up cost
